

Google Cloud Anthos Lacks Cloud-Agnostic Cross-Mesh

by [Nick Clark](#) | Published April 25, 2026

Anthos Reality

Google Cloud Anthos operates Kubernetes-cluster management across GCP, AWS, Azure, on-premises, and edge environments.

Cross-Mesh Substrate

Cloud-agnostic cross-mesh operations admit through architectural primitive; Google continues as credentialed cloud authority.

Google Position

Google gains cloud-agnostic cross-mesh substrate.
