

# Capella Space SAR Lacks Multi-Medium Composition

by [Nick Clark](#) | Published April 25, 2026

## Capella Reality

Capella operates SAR-imaging constellation producing all-weather day-or-night imagery deployed across defense, maritime, and emerging environmental customers.

## Multi-Medium Substrate

Capella's SAR observations integrate as credentialed modality; cross-modality composition with optical, RF, ground-sensors produces multi-medium awareness.

## Capella Position

Capella gains multi-medium composition substrate.
