

Spire Global RF and Maritime Lacks Multi-Medium Composition

by [Nick Clark](#) | Published April 25, 2026

Spire Reality

Spire operates RF, AIS, and ADS-B satellite constellation producing maritime, aviation, and weather-data products.

Multi-Medium Substrate

Spire's RF observations integrate as credentialed modality; cross-modality composition with optical and SAR produces multi-medium awareness.

Spire Position

Spire gains multi-medium composition substrate.
