

# EU Corporate Sustainability Due Diligence Directive

by [Nick Clark](#) | Published April 25, 2026

## CSDDD Frame

EU CSDDD establishes mandatory due-diligence requirements across human rights, environmental, and emerging emerging-impact areas with substantial supply-chain scope.

## Architecture Implications

CSDDD compliance requires structural support for multi-tier supply-chain attestation, due-diligence operations, and emerging incident response.

## Architectural Mapping

Governance-chain substrate supports cross-organization due-diligence operations. Multi-tier supply-chain federation supports CSDDD scope.

## CSDDD Evolution

CSDDD enforcement deployment, emerging cross-jurisdiction harmonization with German LkSG and similar frameworks push toward structurally-supported

architecture.
