

Ford BlueCruise and Lincoln ActiveGlide

by [Nick Clark](#) | Published April 25, 2026

BlueCruise Reality

Ford BlueCruise operates hands-free L2+ across mapped U.S. and Canadian highway corridors.

Emerging L3 Trajectory

Ford's emerging higher-autonomy trajectory requires architectural substrate.

Architectural Fit

Stage-gated commitment maps to autonomy-tier transitions.

Ford Position

Ford gains architectural substrate aligned with emerging certification.
