

John Deere See & Spray and Autonomous Tractors

by [Nick Clark](#) | Published April 25, 2026

John Deere Reality

John Deere operates See & Spray precision-application platform and emerging autonomous-tractor (8R series, R350 emerging) operations with major agricultural customer engagement.

Architectural Fit

Stage-gated commitment maps to agricultural-operation decomposition; operator-intent supports farmer-of-record authority.

John Deere Position

John Deere gains architectural substrate aligned with emerging autonomous-agriculture regulation.
